Consultation Workshops

These workshops provide an opportunity to discuss the options in detail with North West Regional Assembly staff.

So far there have been workshops on Waste, Housing Gypsy and Travellers and Travelling Showpeople and Renewable Energy.

People who have attended the days have had lots of opportunities to think through the implications of the options, put forward their ideas, discuss aspects of the evidence base and ask questions.

If you want to take up this opportunity some workshops are booking up fast so register your place by emailing nwppr@cagconsult.co.uk

See overleaf for Workshop dates...

'Do it yourself' workshops

If you can't get to one of the workshops or if you want people in your organisation to get together to discuss the issues before submitting your final questionnaire then maybe you need a free 'do it yourself' workshop pack. You tell us the date of your planned workshop, how many people will be there and what theme you want to discuss and we will send you;

- A North West Plan Partial Review PowerPoint presentation;
- North West Plan Partial Review workshops participant packs, including the options papers and session outline; and
- A facilitator's information pack.

When planning your workshop facilitators from CAG Consultants will be on hand to help you. So if think this might be for you email nwppr@cagconsult.co.uk

And finally . . .

A few reminders;

- The timescales are very tight for this consultation; please make sure that your organisation can discuss the options by getting this stage on to agendas very quickly
- Please also make sure that responses are co-ordinated so only one response per theme is submitted by your organisation
- If you need paper copies – just let us know
- Consultation ends – 30th June 2008
